ABOUT THE INSTITUTION

K.S.R.College of Engineering was established in the year 2001 by Aarthi educational and charitable trust approved by AICTE, New Delhi and affiliated to Anna University. This college is an ISO 9001- 2008 certified institution and accredited with NAAC A Grade. It offers 7 U.G. programmes and 13 P.G. programmes.

The college is situated on the Erode-Tiruchengode state highway 8 km from Tiruchengode and 12 km from Erode. The college is located in a sprawling campus of about 350 acres in the serene, cool shades of coconut trees among the 16 K.S.R. Groups of Institutions. The college has excellent infrastructure, well-equipped laboratories, and computerized library with access to many National & International journals.

ABOUT THE DEPARTMENT

The Department of Civil engineering was started in the year 2002 with a goal to be the centre of excellence for the development and dissemination of knowledge in Structural, Construction, Water Resources and Management, Transportation, Environmental, Urban, Geotechnical, Remote Sensing & GIS and its applications for the society. Students from our department have proved to be meritorious and our faculty has been regularly involving research and presenting papers in journals and conferences.

This department offers M.E. (Structural Engineering) and M.E. (Construction Engineering & Management) courses at P.G level. Furthermore, this department is an approved Research Center by Anna University. This department has bagged "Accreditation" from NBA - New Delhi.

Scope of the Workshop

This national workshop RASEE- 2K17 provides the theoretical information and practical hands-on training on recent advances in Structural and Environmental Engineering with an emphasis on the emerging trends in the major field specializations such as Structural Engineering, Building materials, Water and Wastewater treatment, Application of Remote sensing & GIS in Environmental Engineering. The underlying principles and inherent advantages and limitations of the various techniques will be presented. In addition, the operation of various instruments and testing methods will be demonstrated through hands-on exercises.

Course Benefit

At the end of this workshop, participants will be able to implement their knowledge in various field of Civil Engineering.

Who Can Register?

Under Graduate & Post Graduate students, Faculty Members, Research Scholars, Academicians and Industrialists who are interested to know the recent advances in structural and environmental engineering can register.

How to Apply?

The interested candidates should submit the completed and duly filled registration form through mail on or before 1st September 2017. Selection will be on first come first serve basis. The maximum number of participants is limited to **100**.
